

BE-BT00

MACDONALD CLEANSEAL GRAB RAIL 300mm /450mm /600mm Ø32mm

DESCRIPTION

The MacDonald BT00 grab rails are fully welded in grade 304 stainless steel, Ø32mm tubing, with knurled slip resistant finish and CleanSeal® flange and cover. The BT00 grab rail is suited for use in accessible, aged care, and home assist use. The BT00 grab rails are available in 300mm, 450mm, and 600mm lengths. The BT00 grab rails are easy to install on most building surfaces and have been designed for maximum strength.

CleanSeal® is an innovative flange and cover system engineered to provide full structural strength, with simple fixing method and hygienically mounted installation. This provides for easily cleaned crevice-free conditions that inhibit bacterial build-up caused by soap scum, body fluid and mould spours.

PRODUCT ADVANTAGES

- Hygienic CleanSeal® flange and cover.
- Quick and easy installation.
- Low maintenance.
- Heavy duty large 75mm flange for extra stability and strength.
- Stainless steel cover.
- Silicone seals for wall connections.
- Dimensions: Ø32mm, available in 3 lengths; 300mm, 450mm, and 600mm.
